SPEAKER BIO:

David Miguel has over 25 years experience in construction, industry, and mine safety and health. He is an approved OSHA outreach instructor in construction and is a certified MSHA safety instructor. He holds a Safety and Health Specialist Certification from the National Safety Council. He has owned Underground Safety & Supply LLC, a safety training, safety consulting, and safety equipment supply business since 2007. David provides safety training, safety consulting, and safety equipment, as well as confined space entry services, to the construction, general industry, and mining industries throughout the country.

ATTENDEES WILL RECEIVE:

In addition to a wealth of information related to being a Competent Person, every student shall receive:

- ◆ A Copy of OSHA 1926 Sub-Part P Excavations;
- ◆ A Laminated Excavation Safety Guide;
- ◆ A Laminated Trench Slope Protractor;
- ◆ A MLICA Certificate of Course Completion; and
- ◆ 3.5 General Continuing Education Units (CEUs) from DHSS for Basic and Advanced Septic Installers
