## Event Updates

### Field Day

Our original plan was to hold another field day at the Grace Greenley farm in Novelty, MO this July. However, we have applied for a grant to help offset some of the expenses involved in the demonstration and won't know whether or not we'll receive that grant until the end of June. So, the field day has been pushed back to July, 2019. As soon as we know the results of our grant application, we will set dates and reach out to our Associate and Contractor members for help.

### Winter Convention

At our Spring Board meeting, which was held during our Strategic Planning Session, the Board decided our 2019 Winter Convention would be held in Columbia, MO, if a suitable location, at a reasonable price could be identified. If not, the Board authorized the Education/Convention Committee to select an appropriate site. There were only two sites in

Columbia with the January 17-19 dates available. Both facilities were more expensive than the Committee wanted, so they looked elsewhere.

After researching other locations, they selected the Inn at Grand Glaze in Osage Beach, MO as the site of the 2019 Winter Convention. The room rate will be \$89 per night, plus tax, and will include two breakfast buffet vouchers for their restaurant. (The vouchers will be valid for Friday and Sunday mornings. We'll have Saturday breakfast together.)

In addition, we will be extending our Exhibit Hall hours during the Convention. The Associate representatives at our Strategic Planning Session asked for this change and we are thrilled to accommodate them. Set-up for the Exhibit Hall will be Thursday evening, January 17 and the Hall will be open until after lunch on Saturday, January 19.

Watch your mail for details!

## Congratulations on 50 Years, Port Industries!

Port Industries traces its roots back to Mercer County, Ohio before 1900 when Harvey Shimp was laying clay field tile. His son, Nathan Shimp, helped Harvey through his years growing up while he was in school, and then also after he returned from WWII. In 1950, Nathan wanted a better ditching machine than the 1911 model he was running, so he designed a new machine. He hired a local welding shop to build it for him and others quickly wanted one of the new Tandem Traction Trenchers. In the early 1960's, Nathan sold his interest in this venture to Karl and Mark Speicher. He then incorporated Port Industries, and, in 1967, Port Industries completed its first machine. This was an auger backfiller, and it was followed by the Hydra-Tandem Trencher in 1968.

↑ *The Da-LA-MA was the very first machine built by Port Industries in 1967. It was an Augur/Backfiller.*

The Hydra-Tandem was the first completely hydrostatically-driven trencher. All other ditchers being built at that time were driven with gear boxes and exposed drive chains. Nathan used the machines he built through Port Industries to build a successful drainage contracting business in northeast Missouri and west central Illinois. He continued to build machines through the 70's and 80's, and if a machine wasn't sold, Nathan and the Port Industries employees would use it to install drain tile themselves until it did sell.

Port Industries introduced the Hydra-Tandem II in 1987. This was the first rubber-tired trencher capable of digging seven feet deep. In 1991, the

Hydramaxx 2400 became the first four-wheel drive trencher offered by Port Industries. By 2002, Port Industries product line included the Hydramaxx 2600 (rubber tire wheel trencher), Hydramaxx 2500 (rubber tire chain trencher), and the Hydramaxx 3300 (self-contained plow).

Because of this rapid expansion, in 2000, Port Industries moved to its current location for increased production capabilities. In 2015, Port Industries added on again to include office space, and in 2016, added a new service building featuring three independent service bays.

This year, Port Industries has introduced an Interchangeable V-Plow attachment, and the first self-contained, full-size V-Plow manufactured in the USA, the Hydramaxx 3320 V-Plow. Hydramaxx equipment is used in a variety of markets including Ag, renewable energy, pipe line, and gas. The Hydramaxx brand can also be found from California down to Florida in the USA, and in Canada.

Today, 50 years after our first trencher, Port Industries is still growing and changing to keep up with technology, customer demand, and service. Port Industries now also specializes in setting up machinery, from back-fillers to tractors, with Trimble products for machine control for steering and elevation control, offering both laser and GPS.

On July 27, 2018 Port Industries will be hosting a field day to celebrate our 50th Anniversary and to showcase our newest models of trenchers and plows.

↑ *Nathan Shimp driving the circa 1974 Hydra-Tandem machine at the Auburn, IL field day.*

## Do Your Have A Graduate in the Family?

The Missouri LICA Memorial Scholarship is a \$1,000.00 scholarship to be awarded one time to either a Missouri LICA contractor member (who has been a Missouri LICA contractor member for at least five consecutive years), his/her spouse, child, step-child, grandchild, or step-grandchild pursuing a college degree in any field.

Applications for the Missouri LICA Memorial Scholarships must be postmarked no later than **September 1, 2018**. You can get an application on our website ([www.MLICA.org](http://www.MLICA.org)) or by calling the Missouri LICA office (573-634-3001).

## A Creative Craft Idea from Sondra Brinton

*I do not know how many contractors do tiling or their wives crocheting, but Dennis has yards and yards of nylon string from the rolls of tile. He asked if I could do something with them.*

*I double-crocheted a rug with a large hook. When completed, the rug is rough enough to scrape Dennis' boots clean before coming into the house. The nylon strings come in long pieces which have to be square-knotted and then burned to stop fraying, once the project is completed. I use a garden hose to clean the rug and it's ready to go again. The rugs last a long time and are a better use of the nylon strings than cluttering up the trash dumps!*

Take the extra step

You know the construction industry. You've already taken care of business. You've worked hard to get your business up and running, with hard work, grit and determination. Take the extra step to help protect your business's future by taking advantage of the United Fire Group (UFG) and Prins State LICA insurance program. State LICA members insured in this program will receive:

- Products and services designed for your corner of the construction industry
- Customized risk control services and programs
- The opportunity to earn a safety group dividend

*UFG is the carrier of choice for the Indiana Land Improvement Contractors Association.*

To find a UFG agent near you, visit [ufgSolutions.com](http://ufgSolutions.com).

## Congratulations, Richard!

On Friday, May 11, U.S. Secretary of Agriculture Sonny Perdue announced the appointment of Richard Fordyce to serve as Administrator of the U.S. Department of Agriculture's (USDA) Farm Service Agency (FSA). In his role, Fordyce will provide

leadership for FSA and its mission to support agricultural production across America, through a network of over 50 state and 2,100 county offices.

"As a fourth-generation farmer, Richard brings firsthand knowledge and experience to this role," Secretary Sonny Perdue said. "I am confident that he will continue to help USDA become the most efficient, effective, customer-focused agency in the federal government, as he leads this customer-focused mission area."

Richard Fordyce most recently served as State Executive Director for FSA in Missouri. Prior to his appointment by the Trump Administration, Fordyce served as the Director of the Missouri Department of Agriculture from 2013 to 2017.

In 2015, Fordyce was awarded the Missouri Farm Bureau Distinguished Service Award and the Agricultural Leaders of Tomorrow Alumnus of the Year. He and his wife, Renee, have two children and grow soybeans, corn and beef cattle on the family farm ... and, Richard is a Missouri LICA member! Congratulations, Richard!

## Congratulations, Makayla!

Makayla Stubinger, daughter of Craig and Angie Stubinger, was one of the recipients of National LICA's scholarship.

Makayla plans to major in Animal Science/Ag-Business.

Both National and Missouri LICA support higher education and are pleased to be able to help our members' families.

## Thank You, Mariah!

Thanks to Mariah Lance, Missouri LICA is now on Facebook!

One of the goals of our new Strategic Plan is to communicate with our members across as many platforms as possible. Luckily, Mariah attended the Strategic Planning Session and volunteered to establish Missouri LICA's presence on Facebook.

To find our page, search for "Missouri LICA." If you have pictures you'd like to share, please send them to Debbie at MLICA@aol.com and we (Mariah) will get them posted!

THANK YOU, MARIAH ... GREAT JOB!

## Strategic Plan Update

As a follow-up to our Strategic Planning Session, we surveyed our contractor members about their preferences relating to District Meetings/Training Sessions. The results listed below are the highlights from the entire membership. Individual District results may have varied a little and have been sent to each District President. We will use these results as we plan our Fall, 2018 and Spring, 2019 District Meetings/Training Sessions.

*A heart-felt “THANK YOU” to those who took the time to complete the survey!*

**1) In general, what month(s) work best for us to hold some training in your District?**

January - 73%    February - 77%  
August - 20%    November - 20%  
December - 25%

**2) In general, what day of the week works best?**

Monday & Tuesday - 35%  
Wednesday - 34%  
Thursday - 31%  
Friday - 30%  
Saturday 27%

**3) What time of day?**

Early Morning - 66%  
Early Afternoon - 30%  
Early Evening - 21%

**4) What location?**

District 1 - St. Joseph - 38%  
District 2 - Columbia - 67%  
District 3 - Kansas City - 33%  
District 4 - Springfield - 60%  
District 5 - Jefferson City - 63%  
District 6 - St. Louis - 38%

**5) Which classes would you like us to host for you and/or your employees?**

10-Hour OSHA - 45%  
Competent Person - 42%  
1st Aid/AED/CPR - 42%  
Confined Spaces - 21%  
Traffic Control - 18%  
OSHA's Silica Exposure Rule - 15%

Business Management - 45%  
Accounting - 38%  
Employment Law - 38%  
The New Tax Code - 31%  
Contracts - 30%

**6) Would the addition of CEUs (Continuing Education Units) for the septic installers license be of advantage to you and/or your employees?**

Yes - 46%    No - 51%

# From the Capitol

Prior to leaving office on June 1, Governor Greitens signed 77 bills into law which will go into effect August 28, 2018, unless the bill has an emergency clause.

Below is an abbreviated list of some of those bills which might impact Missouri LICA members. These are only partial summaries of the "Truly Agreed and Finally Passed" bills. Several of the bills address much more than is listed below.

If you want to know more about a specific piece of legislation, simply go to the Missouri LICA web site ([www.MLICA.org](http://www.MLICA.org)) and click on the "Links" tab. From there, you can go to the Missouri House or Senate Home page and view a full description of every piece of legislation introduced this year, as well as the sponsors, co-sponsors, bill text and summaries.

**Note:** *The following summaries were sourced from the Missouri State House of Representatives and Missouri State Senate web sites.*

**SCS HCS HB 1286** -- *Modifies provisions of law relating to the detonation of explosives and actions for private nuisances brought against certain permittees*

Currently, the authorized fee for explosives use cannot exceed \$2 per ton. This bill increases the limit to \$7.50 per ton. However, the fee established by rule cannot exceed the cost of administering the Missouri Blasting Safety Act. The bill clarifies that the fee does not apply to any person, company, or entity regulated by the Department of Natural Resources under the Surface Coal Mining Law.

**SCS HCS#2 HB 1503** -- *Establishes a fund for providing state-guaranteed small business loans to veterans*

**SS#2 SCS HB 1880** -- *Declares the intent of the General Assembly to facilitate and encourage development of fiber optic infrastructure by rural electric cooperatives*

**SS HCS HB 1872** -- *Establishes a grant program for the installation of broadband internet service*

**HB 1646** -- *Modifies provisions relating to landowners' obligation to control brush adjacent to county roads*

**SS HB 1531** -- *Modifies provisions relating to civil proceedings*

This bill modifies the circumstances in which a party may be joined in a civil action. The bill clarifies that a plaintiff's insured may be joined as a defendant and required to interplead when the plaintiff may be exposed to multiple claims. The term "plaintiff" includes an insurance company when the multiple claims exceed the total limits of applicable coverage.

The bill further sets forth a procedure by which an insurer or risk management entity may timely deposit all applicable limits of coverage into court in an interpleader action, and will not be further liable for any

amount in excess of its contractual limits of coverage so long as the insurer defends its insured from any further claim or lawsuit.

**HCS/SCS/SB 598** - *This act requires that the Department of Transportation utility corridor be up to 12 feet wide, with the location of such corridor determined by the State Highways and Transportation Commission.*

## From the Capitol *(Continued from page 10)*

**SS/SCS/SB's 627 & 925** - This act modifies provisions relating to agriculture.

**Fuel Standards** - Currently, all fuels shall meet American Society for Testing and Materials (ASTM) standards, in addition to rules promulgated by the Director of the Department of Agriculture. Under this act, the Director may waive specific requirements, or establish temporary alternative requirements in the event of an extreme and unusual fuel supply circumstance.

**SB 683** - This act provides that the Highways and Transportation Commission shall issue single-use special permits for or upon request of the equipment owner annual permits for the transportation of cranes. The Commission shall also set parameters for the transportation of cranes under this act.

**CCS/HCS/SS/SB 881** - This act modifies provisions of law relating to transportation.

The act specifies that cranes may be operated on state-maintained roads and highways at any time on any day.

**Commercial Vehicle Safety Inspections** - This act specifies that roadside safety inspections shall not be performed on the shoulder of any highway with a posted speed limit in excess of forty miles per hour. However, safety inspections may be permitted on the shoulder at any entrance or exit of such highway where there is adequate space on the shoulder to safely perform the inspection.

**CCS/SB 884** - This act modifies several provisions relating to taxation.

**Individual Income Taxes** - This act provides that when an income bracket is eliminated from the tax table, the top remaining tax rate shall apply to all income in excess of the second highest remaining income bracket. This act also creates a definition for "net general revenue collected," which includes all revenue deposited into the general revenue fund, less refunds and revenues originally deposited into the general revenue fund but designated by law for a specific distribution or transfer to another state fund.

**Corporate Income Taxes** - For all tax years beginning on or after January 1, 2020, this act reduces the corporate income tax rate from 6.25% to 4.0%.

**SB 981** - The bill addresses some posting requirements related to Workers Compensation

**SS/SB 982** - This act modifies provisions relating to payments for health care services.

**SCR 49** - Through the referendum process, a petition has been approved that has ordered an election on the enactment of Senate Substitute #2 for Senate Bill 19, to be held on November 6, 2018. Pursuant to Article III, Section 52(b) of the Missouri Constitution, this resolution moves the date of the election to August 7, 2018.

**Note:** SS#2/SB 19 - Under this act, employers are barred from requiring employees to become, remain, or refrain from becoming a member of a labor organization or pay dues or other charges required of labor organization members as a condition of employment.

## 40 Years of Service.

## Quality & Relationships!!!

# LICA Family Fun Fest!

Cedar Creek Resort ♦ 3251 Pine Tree Drive ♦ Columbia, MO

**July 27, 28, & 29, 2018**

*(Come for one day or the whole weekend!)*

Cedar Creek Resort ♦ 3251 Pine Tree Drive ♦ Columbia, MO

## Here's What's Planned:

- Friday** - Gather around the campfire to share some stories and laughs
- Saturday** - 11am - General Membership Meeting  
1pm - Lunch (Jake Gingerich's BBQ, Pot Luck, and Air Conditioning!)  
Afternoon - fishing, trails for ATVs, golf carts, or walking  
Evening - the LICA Corn Hole Championship
- Sunday** - More fishing, exploring, and family fun!

## ***GREAT BBQ & POT LUCK!***

As many of our members know, Jake Gingerich's barbecue is second to none ... and he'll be cooking for our Saturday lunch!

All we need to do is bring the fixings ... corn, salad, desserts, beans, beverages ... whatever you like!

*You Deserve a Break ...  
so bring your family and  
enjoy a mini-vacation  
with LICA!*

*Come for the day or the weekend ...*

### **GRAB YOUR POLE AND YOUR SUIT!**

There's a 5-acre pond and a 27-acre lake chock full of crappie, bass, blue gill and catfish ... just waiting for your hook! So bring your fishing gear, john boat, or even your swimsuit!

### **EXPLORE THE WILD TRAILS**

You can bring your ATV, golf cart, horse or just your comfortable walking shoes and explore the 167 acres of this beautiful property, complete with pastures and stables!

*(Note: If you bring your ATV, golf cart, or horse, you'll need to sign a liability waiver.)*

### **SHOW OFF YOUR SKILLS!**

On Saturday evening, we'll hold our first LICA Cornhole Tournament ... complete with prizes ... not to mention braggin' rights! So, get your throwing arm in shape!

**Cornhole**

## LODGING OPTIONS

Missouri LICA Treasurer/Secretary Jake Gingerich installed the RV Park at Cedar Creek, so they are giving us a block of RV/Camping sites at no charge for all three nights (July 27, 28, & 29). The sites have full services and all we have to do is be willing to let Cedar Creek take some pictures for their promotional pieces.

**All you have to do is let us know you're coming by 5pm on July 13th , and we'll reserve your spot!**

## Rather stay in a cabin?

If you'd rather not camp, Cedar Creek has a wide variety of other options, from two-bedroom cabins, to an A-Frame home ... even a bunkhouse ... for rent. Prices vary, and there

is a two-night minimum stay for each option. For details, just give Linda at Cedar Creek a call (573-239-8340), tell her you're with LICA, and she can answer your questions. But, book your reservation NOW, because they fill up in a hurry!

## DIRECTIONS

The address for Cedar Creek Resort is 3251 Pine Tree Drive; Columbia, MO. **Note:** Some Garmin systems will take you to an address south of Columbia, so your best bet is to follow these directions:

East of Columbia, I-70, take the Millersburg/Route J exit south for about 1/2 mile, then turn right on Country Road 256. Go another 1/2 mile and you'll see the signs!

**ATTENTION ASSOCIATES!**

**YOU ALSO DESERVE A BREAK!**

This is a great chance for you to get to know your customers, thank them, and maybe even meet a new one or two. So, please mark your calendar and plan to attend our Summer Family Fun Fest! And, if you have some prizes you'd like to donate to our LICA Cornhole Championship, please give Debbie a call at the MLICA office (573-634-3001).

**REGISTRATION**

**In order to know how much food to make, we need to know who's coming!  
So, please RSVP by 5pm on July 13th.**

Number of adults (\$10 each): \_\_\_\_\_ Kids (FREE): \_\_\_\_\_

Names of those attending (Please print):

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**A little more info, please: (check all that apply)**

I release any images taken of me or my family to be used by Cedar Creek Resort & RV Park for any or all promotional materials.

We're bringing a camper or RV.

We need the following service:

30 amp  50 amp

We need a pull-through spot for our camper/RV.

We're bringing a tent.

We will bring a side dish or dessert.

Signed: \_\_\_\_\_

**Please send this registration form with your check to:**

**MLICA; 1101 West High Street; Jefferson City, MO  
(Postmarked by July 11)**

Or, call Debbie at the MLICA office (573-634-3001) and she can get you registered with a credit card (MasterCard or Visa).

**Missouri LICA**  
1101 West High Street  
Jefferson City, MO 65109

POWER TO PERFORM

[www.rwfbron.com](http://www.rwfbron.com)

- Five Core Cooling System exceeds cooling for Tier 4 engine standards
- Quieter Reconfigured Cab Interior for Operator comfort
- Standard DL 850 Drainage Plow increased strength & durability
- LED Light Package for increased visibility for those long days in the field
- Improved swing mechanism for the Onboard Reel for smoother reel speeds & consistent torque
- Optional hydraulic rear step raises out of the way when plowing and lowers when required.
- Standard oscillating track frames.

# BRON 585

## SELF-PROPELLED DRAINAGE PLOW

AUTO STEER READY | LOW GROUND PRESSURE  
CAT OR CUMMINS ENGINE
