OSHA 10-HOUR TRAINING SESSIONS

APRIL 2-3, 2019

Reinhardt's Circle

5007 Buffalo Rd. ♦ Jefferson City, MO

APRIL 4-5, 2019

Altorfer CAT

3520 Moberly Ave. ♦ Hannibal, MO

COURSE TOPICS:

Overview

This training program is intended to provide excavating contractors information about their rights, employer responsibilities, and how to file a complaint, as well as how to identify, abate, avoid and prevent job related hazards on a construction site. The training covers a variety of construction safety and health hazards which a worker may encounter at a construction site. Training will emphasize hazard identification, avoidance, control, and prevention.

OSHA Focus Four Hazards

Covering the topics of fall hazards, electrocution, Struck-By (e.g. falling objects, trucks, cranes), and Caught-In or Between (e.g. trench hazards, equipment) will allow the attendee to identify major hazards, describe types of hazards, protect him/herself from these hazards, and recognize employer requirements to protect workers from these hazards.

Personal Protective and Lifesaving Equipment

This portion of the course will help the attendee identify the need and proper use of personal protection equipment.

Health Hazards in Construction

Topics will include noise, crystalline silica, and hazard communication.

Additional Safety Topics

This portion of the course will cover rules associated with digging, including soil types and benching/sloping practices; who is a competent person and what a competent person needs to know, as well as other OSHA rules and regulations addressing the following jobsite issues: Excavation; Power Tools; Materials Handling, Storage, Use and Disposal; and Ladders.

AGENDA:

Hours:

1st Day: 7:30am - 4:00pm
(Lunch included)

2nd Day: 8:00am - Noon

EACH ATTENDEE WILL RECEIVE:

Attendees will receive a copy of OSHA's Construction Industry Digest (OSHA Form 2202-09R 2015), an OSHA certification card, and a certificate of completion.
