Missouri LICA Summer Picnic

August 7, 2010
1:00 p.m. to ???

Jake Gingerich's Shop
2100 East Clay's Fork Rd.
Columbia, MO

What's planned?

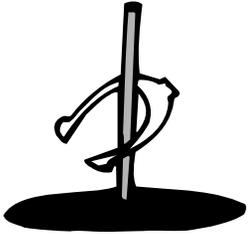

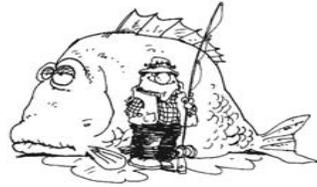

We'll start the day with our committee meetings and membership meeting, and then it's on to the fun!

There's something for the whole family! Jake has volleyball, horseshoes, and hillbilly golf! If you haven't ever tried hillbilly golf, it's great fun for all ages!

Kid's Fishing ... there's even a little pond stocked especially for kids!

And, you never know ... there may be a couple of prizes for our best gamers!

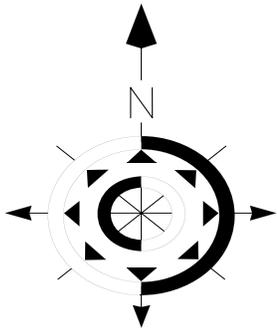

Here's the plan:

1:00 pm - Committee Meetings and Membership Meeting

3:00pm - Fun in the sun and barbecue!

How do you get to Jakes?

Jake's shop is at 2100 East Clay's Fork Road; north of Columbia, MO. We're giving driving directions below, but if you get lost, Jake's cell phone is: 573-808-1480.

Off of 63, north of Columbia - take the Route B exit towards Hallsville - it will change from a four-lane road to a two-lane road. About 1/2 mile after the two-lane starts, take a left on Oakland Church Road. After about 1 mile, you will come to a "T," jog right onto Oakland Gravel Road (a

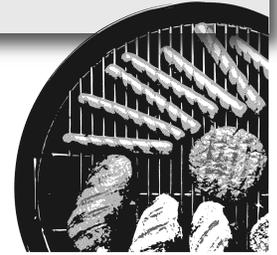

paved road). Go about 800 feet, take a left on Clay's Fork Road. There will be signs at each of the turns. After Clay's Fork Road turns into gravel, Jake's house is the first on the left - look for his equipment!

What's on the menu?

Smoked pork steaks and baby back ribs

Soft drinks and water

We'll also have cups, ice, utensils, plates, napkins, condiments ... and whatever else we may need!

What do you need to bring?

Please bring a side dish or dessert and any beverages ... other than soda or water ... that you'd like to drink. We've got everything else covered!

Don't forget to let us know you're coming!

Please call Debbie at 573-634-3001 by August 3rd, so we can order the food!

What about the weather?

Rain or shine ... we're going to have a good time! Jake's got an indoor facility to meet all our needs!

Want to stay longer?

If you'd like to camp, Jake has room for tents and even hook-ups for an RV or two. Just give him a call (573-808-1480) and he'll make the arrangements!
